**ALEX MACKIN DOLAN & JASPER SPICERO
'GOOD NUMBER // BAD BRIDGE'**

September 15, 2019 - October 13, 2019

4649 is pleased to announce our new exhibition 'Good Number // Bad Bridge' by Alex Mackin Dolan and Jasper Spicero.

Two types of things in this show: Prototypes for various gambling machines, and Popsicle stick bridge prototypes.

Gambling machine's typical design involves the extinction of a player's funds. The Popsicle stick bridge usually is tested for strength until the point at which it breaks.

Here both objects are remade as speculative versions of themselves, imagining their future beyond their own demise.
